

Crop Science Society of America, C03 – Crop Ecology, Management and Quality

Winners from the 2011 meeting in San Antonio, TX were:

Ph.D. Candidates

1st Dylan Wann – Texas Tech University - [Tillage Effects On Cover Crop Decomposition and Nutrient Cycling In Cotton](#)

2nd Jason Sarver – University of Georgia - [Evaluation of Seeding Rates for Large-Seeded Runner Peanut Cultivars Planted In Twin Row Pattern](#)

3rd Jason Haegele – University of Illinois Urbana-Champaign - [Identifying High Yield Potential Corn Hybrids Through the Use of Nitrogen and Plant Density Response Trials](#)

Master's Students

1st Justin Moss – University of Georgia - [Economic and Weed Control Assessment of Double-Crop and Relay-Intercropping Systems of Peanut with Wheat](#)

2nd Trevor Perkins – Purdue University - [Delayed Soybean Emergence: Competition or Compensation?](#)

3rd Romulo Lollato – Oklahoma State University - [Agronomic Responses of Hard Red Winter Wheat to Different Liming and Phosphorus Fertilizer Strategies in Acid Soils](#)
